The Board of Directors' responsibility

Our responsibility is to prepare a report on whether the assets and liabilities at the conversion can be carried in the balance sheet at a total net value covering the share capital required in a public limited company (cf. the Limited Liability Companies Act section 2-6, cf. section 15-1).

The remaining report is divided into two parts. The first part is a presentation of information in accordance with the requirements set by the Norwegian Public Limited Companies Act section 2-6 first par. no.1 to 4. The second part is our opinion.

Part 2: The independent expert's report

We conducted our review and issue our statement in accordance with the Norwegian standard SA 3802-1 "The auditor's statements and reports pursuant to Norwegian company legislation". The standard requires that we plan and perform our review to obtain reasonable assurance for the fact that the assets and obligations at the conversion can be carried in the balance sheet at a total net value covering the nominal value of the share capital of NOK 10 986 554,40 required in a public limited company. The work includes a review of the valuation of assets and obligations at the conversion. We have also assessed the valuation methods applied and the assumptions constituting the basis for the valuation.

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Opinion

In our opinion, the assets and obligations at the conversion can be carried in the balance sheet at a total net value covering the nominal value of the share capital of NOK 10 986 554,40 required in a public limited company.
