DISCLAIMER

This presentation (the "Presentation") has been prepared by Salmon Evolution ASA (the "Company" and together with its subsidiaries, the "Group") except where context otherwise requires, solely for information purposes. This Presentation, and the information contained herein, does not constitute an offer or invitation to sell, or any solicitation of any offer to subscribe for or purchase any securities of the Company and neither the issue of the materials nor anything contained herein shall form the basis of or be relied upon in connection with, or act as an inducement to enter into, any investment activity, and do not constitute or form part of any offer, invitation or recommendation to purchase, sell or subscribe for any securities in any jurisdiction.

This Presentation is furnished by the Company, and it is expressly noted that no representation, warranty, or undertaking, express or implied, is made by the Company, its affiliates or representative directors, officers, employees, agents or advisers (collectively "Representatives") as to, and no reliance should be placed on, the fairness, accuracy, completeness or correctness of the information or the opinions contained herein, for any purpose whatsoever. Neither the Company nor any of its affiliates or representatives shall have any responsibility or liability whatsoever (for negligence or otherwise) for any loss whatsoever and howsoever arising from any use of this Presentation or its contents or otherwise arising in connection with this Presentation. The Presentation comprises a general summary of certain matters in connection with the Group and do not purport to contain all of the information that any recipient may require to make an investment decision. These materials have not been approved, reviewed or registered with any public authority or stock exchange. By attending a Presentation meeting or receiving these materials, you acknowledge that you will be solely responsible for your own assessment of the Company, the Group and its market position, and that you will conduct your own analysis and be solely responsible for forming your own view of the Company and its prospects. Each recipient should seek its own independent advice in relation to any financial, legal, tax, accounting or other specialist advice.

This Presentation speaks as of the date hereof. All information in this Presentation is subject to updating, revision, verification, correction, completion, amendment and may change materially and without notice. None of the Company or its affiliates or representatives undertakes any obligation to provide the recipient with access to any additional information or to update this Presentation or any information or to correct any inaccuracies in any such information. The information contained in this Presentation should be considered in the context of the circumstances prevailing at the time and has not been, and will not be, updated to reflect developments that may occur after the date of this Presentation. These materials do not purport to contain a complete description of the Group or the market(s) in which the Group operates, nor do they provide an audited valuation of the Group. The analyses contained in these materials are not, and do not purport to be, appraisals of the assets, stock or business of the Group or any other person. The Company has not authorized any other person to provide any persons with any other information related to the Group and the Company will not assume any responsibility for any information other persons may provide.

Matters discussed in this Presentation may constitute or include forward-looking statements. Forward-looking statements are statements that are not historical facts and may include, without limitation, any statements preceded by, followed by or including words such as "aims", "anticipates", "believes", "can have", "continues", "could", "estimates", "expects", "intends", "likely", "may", "plans", "forecasts", "projects", "should", "target", "will", "would" and words or expressions of similar meaning or the negative thereof. These forward-looking statements reflect the Company's beliefs, intentions and current expectations concerning, among other things, the Company's potential future revenues, results of operations, financial condition, liquidity, prospects, growth and strategies. Forward-looking statements involve known and unknown risks and uncertainties because they relate to events and depend on circumstances that may or may not occur in the future. The forward-looking statements in this Presentation are based upon various assumptions, many of which are based, in turn, upon further assumptions that may not be accurate or technically correct, and their methodology may be forward-looking and speculative. Although the Company believes that these assumptions were reasonable when made, these assumptions are inherently subject to significant known and unknown risks, uncertainties, contingencies and other important factors which are difficult or impossible to predict and are beyond its control. None of the Company or any of its Representatives provide any assurance that the assumptions underlying such forward-looking statements are free from errors nor do any of them accept any responsibility for the future accuracy of the opinions expressed in this Presentation or the actual occurrence of the forecasted developments. Forward-looking statements are not guaranteeing of future performance and such risks, uncertainties, contingencies and other important factors could cause the actual results of operations, financial condition and liquidity of the Company or the industry to differ materially from those results expressed or implied in this Presentation by such forward-looking statements. No representation is made that any of these forward-looking statements or forecasts will come to pass or that any forecast result will be achieved, and you are cautioned not to place any undue influence on any forward-looking statement. Furthermore, information about past performance given in these materials is given for illustrative purposes only and should not be relied upon as, and is not, an indication of future performance.

These materials are not intended for distribution to, or use by, any person in any jurisdiction where such distribution or use would be contrary to local laws or regulations, and by accepting these materials, each recipient confirms that it is able to receive them without contravention of any unfulfilled registration requirements or other legal or regulatory restrictions in the jurisdiction in which such recipients resides or conducts business. BIOMASS PRODUCTION BACK ON TRACK

Comments

- Standing biomass of 1,047 tonnes per Q2, up from 798 tonnes per 21 May
- Good appetite and normal mortality levels across all fish groups post successful freshwater treatment
- Freshwater treatment has proven highly effective against AGD
- On-site freshwater production capabilities installed and operative
 - Ensures minimal response time if needed
 - Enables Salmon Evolution to have freshwater treatments as a precautionary and integrated part of fish transfer processes
- Vast amount of operational know-how gained. Invaluable input to Indre Harøy phase 2 and international expansion projects

Group biomass (tonnes, LW)

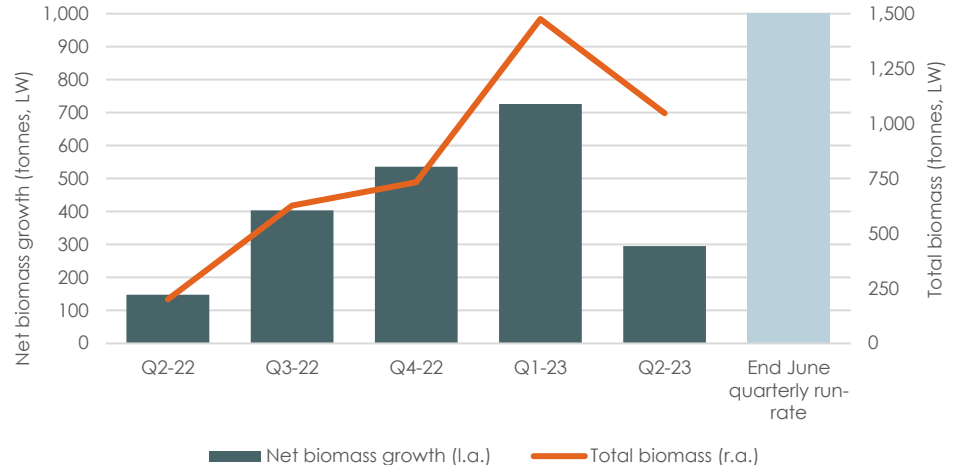

STRONG BIOLOGICAL PERFORMANCE

Comments

- Quarterly biomass growth run rate of around 1,000 tonnes based on daily feeding levels ultimo June – newly stocked batches to add further growth momentum over the coming months
- Exceptional performance for batch 5, average weight already above 1.1 kg, up from 650 grams per 21 May
- Batch 6 and 7 stocked end of May and end of June, respectively
- Batch 2 fully harvested in May
 - ~600 tonnes HOG with 93 % superior share and tight weight concentration
 - Average price of NOK 95/kg²⁾ HOG
- Annual steady state production volumes of 7,900 tonnes HOG expected during Q4 2023

GROUP BIOMASS OVERVIEW

Group biomass development

Batch	21 May 2023			30 June 2023			Comments
	Units (#)	Weight (g)	Biomass (tonnes, LW)	Units (#)	Weight (g)	Biomass (tonnes, LW)	
Batch #3 (Oct 22)	~162,000	~1,650	270	~149,000	~2,010	300	Good appetite and normal mortality levels. First integrated grading and freshwater treatment completed in June with some initial operational challenges resulting in a loss of ~10k individuals. Root-cause identified and resolved.
Batch #4 (Dec 22)	~185,000	~1,520	280	~182,000	~1,980	360	Good appetite and normal mortality levels. Integrated grading and freshwater treatment successfully completed late June and early July with minimal mortality.
Batch #5 (Feb 23)	~255,000	~650	165	~251,000	~1,120	280	Appetite exceeding expectations. Grading completed mid-June as planned.
Batch #6 (May 23)				~272,000	~140	38	Stocked late May at 90g. Strong appetite and low mortality first month in facility.
Batch #7 (Jun 23)				~275,000	~80	22	Stocked late June.
Total Indre Harøy	~602,000	~1,185	715	~1,129,000	~890	1,000

THREE MORE SMOLT RELEASES PLANNED FOR REST OF 2023

Graphical approximation of the current production plan and is prepared for illustration purposes

1) Steady state production is defined as an annualized production of 7,900 tonnes HOG 2) In-house sourcing of smolt

SUMMARY

- Biomass production back on track, strong biological performance
- Good appetite and normal mortality levels
- Established on-site freshwater production capabilities
- Batch 3, 4 and parts of batch 5 planned harvested during second half 2023
- Annual steady state production volumes of 7,900 tonnes HOG expected during Q4 2023
- Recent events proves robustness and flexibility of the hybrid flow-through technology
